**Deceased Military Veterans of Grundy County Tennessee  
January 2010**

**By David Patton - Palmer Town Historian**

After a lifelong interest in military history, and especially that which related to our Grundy County people, about twenty years ago, I began to earnestly gather the names of anyone who ever lived in Grundy County and served in the U.S. Armed Forces.

My sources were varied, from word of mouth to tombstone epitaphs and newspaper obituaries in local and out of county publications. Even I was frequently surprised to learn that someone I knew had a distinguished military record that few others knew about.

The events of September 11, 2001, brought us into the "Age of Terrorism" with its constant threat to our American way of life and reminds us daily of the sacrifices our military veterans have made all down through our nation's history.

Most of the names listed here will be familiar and bring back a flood of memories while others will have been largely forgotten, but it is our fervent hope that all will be remembered with appreciation and respect by future generations of Grundy Countians as they enjoy the freedoms secured by those who came before.
